

## Impact Capital Intern

Cambium Carbon is a [fast growing Forbes 30 under 30](#) early-stage circular economy startup reforesting America by enabling local wood economies. Cambium Carbon works with cities and other public & private partners to save fallen city trees from landfills, turn them into their best use, and channel revenues into planting projects. We do that by creating “Reforestation Hubs” — a model [recently featured by the World Economic Forum](#). Cambium Carbon believes in building a sustainable urban forestry system that creates jobs, supports local economies, and fights climate change.

As Impact Capital Intern, you will research and identify start up competitions, impact-focused VC firms, and other funding sources applicable to a mission-driven enterprise like Cambium.

## **Diversity: Difference builds resilience**

Cambium Carbon is committed to building an inclusive organization that reflects the diverse communities our team works to serve.

We believe that diversity in all its forms (gender, race, ethnicity, age, sexual orientation, religion, veteran's status, disability and more) is essential to imagining and actively building a more just and sustainable future for all. We also actively promote diversity outside our organization, through the partnerships we enter into and the business decisions we make.
